Tell Me Why

by Susan Kay (Admin for the Truthophobes Muslimah Group)

Tell Me Why

Why are Australian girls attracted to the moslem male?

Is it because they flatter you?

Because they treat you like a princess until they turn on you?

Is it because you like Bad Boys? Who abide by the rules of "treat em mean to keep em keen"?

Has it become trendy to have a muslim boyfriend?

These are all questions that I personally don't understand. Perhaps it is an age thing?

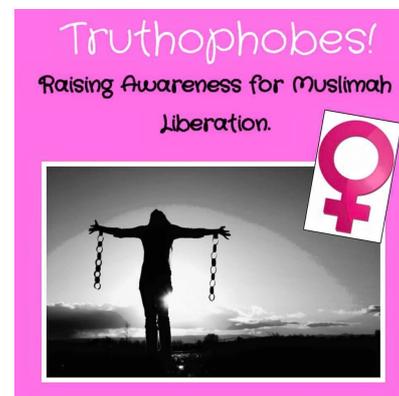

Maybe you like a bit of S and M?

Is it a rebellious act? The only person who will be hurt physically is you, your family will hurt emotionally, but the pain for you is physical and ongoing.

Please do your own research into what Arab guys really think about Aussie Chicks. You would be shocked to know that they have zero respect for you and view you all as loose girls. They openly admit that they only intend to marry a girl of devout moslem faith.

You have a right to go to university and achieve your dreams, you have a right to say "I will not wear the head covering" I will be free from oppression. Your body is yours, no-one else's.

Say No to Female Genital Mutilation. Say No to Child Marriage, Say No to underage sex, No to children having babies and dying in the process. Why Would you want to give up your freedom for the abuse and barbaric practice of Sharia law?

#ThisIsIslamNotISIS Campaign is a Truthphobes Initiative

Aims of the Campaign

- To Combat the view that the Left Wing media has cleverly sold to people that Radical Islam is not islam.
- To expose the truth and educate people that Islam is Islam.
- To highlight that all moslems read the same Qur'an that contains over 100 verses of violence against non believers.
- To highlight that it is Islam of the Qur'an that is responsible for the Terrorist actions and barbaric Crimes Against Humanity that moslems perform around the world.

Muhammad: The world's first ideological killer

By Author F.W. Burleigh

The recent mass murders in Paris and San Bernardino were committed by people who believed that Muhammad revealed the will of God to the world, that he was the “last and final” prophet before the day of doom when all of mankind will be brought before God for judgment.

To people like Syed Rizwan Farook and his wife Tashfeen Malik, the San Bernadino killers, heaven will be the reward for people who were guided by the light Muhammad revealed. Hell will be the punishment for those who rejected the light. The “light” Muhammad brought included the murder of people who rejected him and his religion, so following his light, Farook and his wife turned into mass killers.

Muhammad was the world’s first ideological mass murderer. Communists thought they could create a just world by forging a new type of human out of an altruistic social order, but when people resisted becoming refashioned these idealists resorted to terror on a vast scale, and in the end gangsters ruled.

Totalitarians start out as idealists, and Muhammad was no exception. He believed in his own hellfire stories and wanted to create perfect humans, people whose behaviour in this life would bring the reward of eternal joy in paradise. He believed he was doing people a favour because he was sparing them from eternal damnation. He created

an ideology around this idea of doing people a favour.

Like Communism, his utopian fantasy could only come about with violence. It was unnatural and weird, and people in his own day and age did not willingly embrace it. So along with his Koran—his manifesto, we have the story of his descent into terror. In the end he committed almost every crime now considered a crime against humanity. Much of his activities would today be classified as organised crime. All of them were the result of his ideology of doing people a favour.

Here are some of his most notorious crimes:

- The assassination of critics. He dispatched hit men from his mosque to murder critics and opponents, then praised the killers for doing “Gods will.”
- The mass murder of people who rejected him and his religion. On one occasion he beheaded the men of an entire tribe of Jews in Medina, throwing the torsos and heads into a ditch. As many as 900 men and boys were slaughtered.
- **Theft:** He confiscated the property of his victims, including real estate, livestock, weapons, artisan tools, and so forth. He divided plunder among his own people as payment for their participation in raids and battles, but he kept 20 percent for himself to provide for himself and his family and to finance further aggression. In some instances, he kept everything.

From: *It's All About Muhammad, A Biography of the World's Most Notorious Prophet.* Visit: www.zengabooks.com

FWB

- **Slavery:** He sometimes enslaved men, but he chiefly took women and children as slaves. After slaughtering the 900 men and adolescent boys of the Jewish tribe of Medina, he enslaved the remaining 1,000 women and children. Of these, 800 were sold and the proceeds were divided among his warriors. The remaining 200 slaves he kept for himself.
- **Torture:** It is recorded that he tortured one of the Jewish leaders of Khaybar, an oasis he conquered a year and a half after exterminating the Medina Jews. The leader had hidden gold, silver, and other treasures that Muhammad wanted. He had a fire started on the man's chest to induce him to reveal the whereabouts of the treasure, but when he still refused, Muhammad ordered his head cut off.
- **Raids:** He spread his religion through unending raids on towns, villages and nomad camps.

If Muhammad got anything right, it's that terror works. He would not have gotten anywhere with his utopian fantasy without forcing people to submit to him. Rather than being slaughtered, most people in Arabia ended up yielding to him and his "light." Terror has worked for 14 centuries, and today some 1.5 billion people live under the control of what he created.

Islam is never satisfied with its gains. In his delusional thinking, Muhammad believed he was sent to the world to bring God's word to all mankind. People like Farood and his wife are brainwashed into believing this utopian nonsense. Such people think they are doing God's work. Terror will bring what remains of the non-Muslim world ultimately to submit. The more they kill and maim, the more they terrify people, the more they will ultimately spare the masses of humanity from hellfire because the masses will be forced to submit to the truth—to the light. In their own minds and in the minds of their fellow believers, the Faroods and the Maliks are not vile, warped, and cowardly actors in this Muhammadan drama, but noble warriors of God.

Islam is mass producing such people. Terror incidents are on the upswing globally and will continue to grow in frequency and lethality. It's a matter of extrapolation from the past to see that terror has reached a point of no return. The line of the graph is shooting upward.

These are scary times, but the future belongs to the valiant and the persistent. The future is in the hands of those who educate themselves about this evil and spread what they know. The future is in the hands of people who inspire others to push back against this evil. One day the push back can become more powerful than what is inspiring it.

In these efforts, one should remember the words of Winston Churchill. "Never give in! Never give in! Never, never, never, never."

RECOMMENDED READING

Writing *It's All About Muhammad* took a lot of work as it is based on a close study of 20,000 pages of the original literature of Islam, but the effort was driven by my belief that the story of Muhammad is so grotesque that it is in fact the BEST weapon that can be used against Islam. What this book accomplishes is to take control of the Muhammad narrative away from Islam by stripping away the mythology and allowing the story to speak for itself. With its 25 illustrations the book is an example of how the truth about Muhammad can be weaponised. The book promotes the idea that the truth about the creator of Islam can be turned into an enormously powerful weapon by turning it into movies and docudramas. By such dramatic recreations of the demythologised Muhammad, the truth about him would spread rapidly around the globe - F.W. Burleigh

F.W.Burleigh has been a wonderful contributor to our Truthphobes Newsletter and I would encourage readers to purchase his book or buy a copy for a friend, whose eyes have not as yet awoken to the very real threat of Islam in this country.

What the Truthphobes Members have to Say

M R

You don't have to be a Rhodes Scholar to work out that; shall we say 'some' Mosques preach hate against non-Muslims, and yet our 'nuff nuffs' of governments insist on turning a blind eye to this at our expense, as in safety; it's a disgrace! But in saying that, there are some Libs politicians here in Australia that have started to speak up about Islam being a concern, so at least it's a start I guess. I

I'm sick of hearing 'not all Muslims' are to blame, yeah well maybe not, but their silence is a major concern. People have got to understand it's the minority in the muslim world that is damaging, and who can honestly say they can tell who is ok and who isn't with the them! Muslims need to be seen to be putting pressure on these murdering, sickening individuals and mean it! I understand some may be afraid to, but it has to be done if they want to get on with their lives without the pressure these so called radicals are putting on them by the disgusting acts they are carrying out; also pressure has to be put on our governments to sort this out once and for all - it's their duty to the people of the country they are running!

ISLAM NEEDS TO BE ATTACKED VIA MANY AVENUES

Most people are attacking irrelevant avenues used as a smokescreen distraction to the more deep organised avenues, we must aware the Government and it's inexperienced authorities and agencies about these avenues, evidence them, and supply solutions. It can only be part solved if one country stops Islam, as the ones that do not stop it, then become a danger to the others, for example, take over Germany, its arms factories, airforce and economy and that is a huge empowerment and too local to other EU countries.

Islam is relying on funds, therefore we must cut off all it's funding avenues, it relies on public status to build support of Muslims, but to silence such publicity then they become unheard of, even by their own people and fade out. It is a brainwashed community, stop the brainwashing avenues and they shift into unknown, unheard irrelevance. ISIL is a planned distraction used to get the UN to force open EU borders to asylum, it worked perfectly, ISIL fulfilled it's main mission, and now the EU is in damage control and realise they made a grave mistake but try avoid admitting it.

As Interim Leader / Founder of Secure Australia Party with the toughest policy on Islam, I attack these matters at the highest levels as protests are only an awareness which media have tarnished. I pushed Abbott to close borders at a time it was not in his makeup, I made him see via evidences that we have big problems, however, Government and it's agencies are inexperienced on these matters and rely on media articles but miss the stories the media fail to publish. Therefore, I am drafting a document to send to the PM, relevant ministers and agencies here and in the EU, to educate them on all they lack and highlight how they have been saying why is Islam doing certain things, what are they doing it for, and thinking Muslims can help them solve it. Clear proof they admit they do not understand anything. So I have made sure they now will understand. It is long and in the draft stage like notes, so here in Truthophobes, I will share that draft as more gets added each day, and, will listen to any suggested additions that would be worth adding.

This document is a must-read as it exposes every avenue. **Please access via the link below**

Australia Wakeup - (Partners of the Truthphobes)

An article by Author Harry Richardson

(Warning: this article may contain difficult mathematical equations)

Flicking through The Australian the day after the Paris attacks, one thing struck me as odd. Of the few articles which were not terror related, no less than two of them were about Tony Abbott. Specifically, they were about his poor judgement while in office. In particular, we were reminded once again of his support for Bronwyn Bishop who blew five grand of taxpayer's money on a frivolous helicopter ride. Now I'm not saying he wasn't prone to episodes of poor judgement. If you were to make a list of the stupidest things an Aussie politician could do then giving a knighthood to

Prince Phillip would have to be in the top ten at least.

It is two months since Tony was booted out from the top job however. If they were going to talk about him in the aftermath of the Paris massacre, you might have thought that one of Australia's most conservative newspapers might have mentioned the fact that he stopped the boats. Thousands of potential terrorists haven't reached Australia thanks to this policy but no mention was made.

Malcolm Turnbull's good judgement and handling of the situation was mentioned several times however. Rather than checking with Google, Malcolm went straight to the Turkish Prime Minister for advice. Recep Tayyip Erdoğan assured him that this violence had nothing to do with Islam. He encouraged him to stay the course and import 12,000 former residents of the Islamic State into Australia.

Erdogan is of course well known for his hardcore Islamist views. As Mayor of Istanbul in 1998 he said of Islam, "The mosques are our barracks, the domes our helmets, the minarets our bayonets and the faithful our soldiers..."

Phew! No problems there then. With a steady hand on the tiller, Malcolm has pressed ahead with his plans to welcome these important photo opportunities. The first family is arriving as I write this.

Waiting for them apparently, is a new home filled with shiny new white goods. Case workers are on hand to help them down to Centrelink and Medicare. Hospital facilities for are waiting for mum, who is heavily pregnant and special schooling will be provided for the kids who don't speak English and may well be traumatised.

Just making a wild guess here but if this family doesn't cost taxpayers 100 grand in the first year then my name is Osama bin Laden. For a family of four, that would be \$25K each, conservatively.

Multiplying that by 12,000 refugees gives a staggering total of 300 million dollars in the first year. For that sort of money there are private satellite companies which would put Bronwyn into orbit around Mars (probably). Nice judgement Malcolm.

Of course it is not so much the 300 million a year that is bothering many of us. It is the risk of a Paris style attack (or a Milan style attack or a London style attack or a Sydney style attack). "Don't worry" says Julie Bishop, we've got your back on this one. The Australian Government has done stringent security checks and these refugees all came up smelling of roses.

Presumably, these are the same stringent security checks which found no risk in a smiling 10 year old Farhad Mohammad Jabar. Just 9 years later this innocent youth would be unloading a revolver into the back of hapless accountant Curtis Cheng whilst screaming "Allahu Ackbar!"

I'm going to go out on a limb here and make a suggestion. Perhaps the reason that the Australian Government checks didn't identify the risk that young Jabar posed is because it didn't take into account the factor which was ultimately responsible for his murderous attack. That risk factor of course was his religion of Islam.

Now before you all go accusing me of discrimination and islamophobia, I'm going to back that last statement up with some numbers and calculations. Don't worry, this isn't too complicated. I wasn't much good at maths at school but calculating probabilities is just a case of multiplying numbers together. If you can use a pocket calculator you should be able to follow this.

Imagine we have 100 eggs all ready to hatch. Obviously we don't know which one will be first. We paint a red cross on two of these eggs. We can calculate the probability (risk) that one of these red crossed eggs will be first to hatch. That probability would be 2 in 100 or 1 in 50. Let's say we were right and we repeat the experiment again. What is the chance of being right a second time?

If you want to know why these attacks are not random and are in fact just getting started, you could read my book for free on the internet. The best time to do this is probably before you leave the office and cop a 9mm slug in the back of the head from someone screaming "Allahu Akbar."

If you want to check the sums in this article, put down that pencil, there is an easy way to do it.

Open Microsoft Excel and in the top left cell type =(50*50). Then in the next cell down type =A1*50. Then click on the little block on the bottom right of this cell and drag it down to cell number 22. The great thing about doing this yourself is that as the bodies pile up, you can drag that curser down further and calculate the ridiculously improbable chance that these attacks have nothing to do with Islam, probably.

Education and the war against Islam

By our Regular writer Page Brand
Truthophobes Member and TNT NEWS

Education is Islam's greatest weapon; adults only rarely shift on core beliefs and principles. Children and teenagers are far more susceptible to the nattering's of old men.

In the aftermath of the Protestant Reformation in the 16th Century; Roman Catholic Church faced destruction. Having lost control of more than half of Christian Europe the Pope adopted a radical new approach to religion, one that would save Catholicism. In 1540 he established a new religious order dedicated to education.

Today the Catholic school system, Catholic unions and Pope Francis all hail from this religious order. The Jesuits saved the Catholic Church. They are also the most likely originator of the proverb "give me a child until he is seven, and I'll give you the man".

After money, education is the single greatest weapon of any religious or political movement. From Communist "re-education camps" to the iron grip of the liberal elite on the modern universities and schools system, education is a vital element in allowing a belief system to reproduce itself. It is a long term investment in survival and expansion.

Never has this been more true than today. An age dominant by the university educated classes who grew up at the knee of an all powerful Western intelligentsia. Modern mass education has spread liberalism and Cultural Marxism in the West.

The power of modern mass education was not lost on colonised peoples in the 19th Century, including Muslim elites in India and Arabia. These elites invested heavily in radical Islamic Madrasas or schools to counter growing European influence. These schools spread across the Muslim world and laid the foundation for murderous Islamic rampages in the late British Empire.

It also lead to several wars between the British and Muslims, including the Mahdist War in Sudan ending in the 1890's and the series of wars against the Mad Mullah of Somalia not

long after that. Culminating in Australia, New Zealand and Britain's confrontation with the last Caliphate at Gallipoli in 1915.

Western intellectuals considered the Mahdists, Mad Mullah and Last Caliph "freedom fighters" against colonialism. The intelligentsia of Europe and Australia have a long history of alliance with Islam, dating back more than a century. Their recent defence of the indefensible behaviour of these same Muslim allies is nothing new.

Most of the Madrasas founded throughout the Middle East a century ago remain standing today. They are the same schools that educated and trained our current batch of Islamic terrorist. The educated elites in the west look back fondly on the 1960s Left Wing student militias and the Cold War with great fondness. Many seem jealous of the revolutionary fervour displayed by the students of Islamist professors. Education has been the central plank of Islamist fanaticism. They have educated generations to hate the West, all paid for by Western aid and Arab oil. The Saudi Royal Family has poured vast funds into educational intuitions across the Muslim world for this very reason.

The good people left in the West must realise that education is a weapon of war. The intelligentsia in our own countries have weakened and softened us for the slaughter. Their old allies in Islam are merely carrying an execution we have already been prepped and fattened for. The first step in winning this war is to take back our own educational intuitions and media from the intelligentsia.

Stop the Islamisation of our youth via the education system

By Bruce Knight - Leader of the Truthphobes

DO YOU WANT YOUR CHILDREN, GRANDCHILDREN & FUTURE GENERATIONS LEARNING ABOUT THE VIRTUES OF ISLAM IN OUR SCHOOLS?

Please Ring your Federal MP and/or send a "My Will Letter" ASAP and object to the Islamisation of our youth through the education system.

Under the guise of National security, government officials are proposing that SCHOOLS "teach kids about moderate Islam and Middle Eastern politics under a plan to counter the messages of radical Muslim preachers who are inspiring a generation of home grown jihadists".

<http://www.news.com.au/national/school-students-in-australia-could-soon-be-taught-about-islam-to-combat-radicalisation-and-jihadists/news-story/318e89fad8a35bc6444ee3ce58f327d3>

ISLAMISATION OF OUR YOUTH THROUGH THE EDUCATION SYSTEM

The opening sentence of the article is just an example of the lies our children will be exposed to – "SCHOOLS would teach kids about moderate Islam".

Anyone who knows the truth about Islam knows that Islam is Islam! moderate Islam does not exist. Islam follows the Qur'an which contains over 100 passages of violence. All moslems read the same Qur'an filled with this violence.

PLEASE STAND UP and SPEAK AGAINST this manoeuvre by stealth to have islam incorporated into the national education curriculum.

The following MY WILL letter has been prepared to either use as it is or alter in a response to your Federal MP and Senators, regarding this serious issue of Islam being introduced into the school curriculum

MY WILL LETTER

Dear (Federal MP's Name)

I know that it is my duty to keep you informed of MY WILL on anything that comes before Parliament, or should come before Parliament.

It is MY WILL that you take immediate action to stop the inclusion of the study of islam into the school education curriculum.

As Christianity is being withdrawn from schools, the advancement of islam into schools, by stealth, under the guise of national security must not be allowed. Whilst New Testament Christianity preaches Love and Peace, islam is the Ideology/Cult of the War Lord mohammed which follows a book (Qur'an) that contains over 100+ passages of violence.

Stopping terrorism by exposing innocent children to the violence of Islam is absurd and potentially dangerous as it may excite people to follow the ways of mohammed. Exposing children to an islam that is peaceful, and that moslem's can coexist with our Culture would be an untruth and a misrepresentation of Islam.

Islam is Islam and the Australian people are increasingly becoming more educated on the truths of the islamic Ideology/Cult. Moderate islam does not exist. All moslem's read the same Qur'an. There is no moderate version of this book of violence.

As an elected member it is your duty to protect all citizens of this nation and represent the Will of the people. To support the growth of islam through the education system would be an abuse of the power entrusted to you. It is MY WILL that you stand against the introduction of islam into the education curriculum.

Yours faithfully

Third Jihad One By Stealth

By Gary Edvans Writer of the Silmarillianblog
Member of the Truthphobes

We have a country built on migrants; I am actually one myself; and I arrived here with my parents from England as a lad. My parents taught me the rules of law in this fine country and the albeit sometimes shoddy education system educated me.

I remember growing up with quite a few Italian, Greek, Serbian etc friends. The most grumbling was usually aimed at me as I was a Skippy, no issues we had the sharpies and the westies but everything was solved over a party at Manly or the latest band at the pub.

Woman where respected and if anyone touched your daughter or girlfriends sister or brother well it was sorted and that was the end of it.

I decided to go off the grid about two years ago because I saw what was coming and it wasn't all due to urban density and big brother as those things have always been there, though admittedly they topped the upper level in the last five years. All social problems that we as Australians groaned and cursed about but part of society expanding.

The streets where safe albeit there where some unlit areas in the major cities where the sane person did not tread.

The court system advanced somewhat with 'Truth in Sentencing' and the really sick ones where sent to an extended holiday to places like Goulburn Super Max.

Now I look from, I guess my privileged place off grid and see the major cities full of NO Go zones. These very zones seem to be encompassing the major airports and sea access with the majority of the security handled by moslem security guards. (<https://www.change.org/p/prime-minister-turnbull-excess-of-licenced-moslem-security-and-crowd-control-personel>)

Add in the major infrastructures like Dams, Sewerage processing plants, Sydney's nuclear reactor at Lucas Heights, Warragamba Dam, most of the power stations like Bayswater near Singleton and the list goes on.

Now we have a Prime Minister that tells us we must be tolerant of these newcomers. Islam who are 2% of our population?

Tolerant of places like Parramatta mosque that provided the handgun that was used to kill an innocent police employee.

The institution of halal certified food in our supermarkets giving us no choice but to consume meat products that have come from animals hung upside down and their throats cut, many still drawing breath for up to four minutes as the poor beasts bleed out, where are the animal liberationists?

Ghettos like Lakemba and Bankstown in Sydney just to mention one major city where Sharia law is being practised instead of the law of Australia, a law that has stood the test of time and was fought for by our diggers, past and present. People of a so called religion, which has none of the hallmarks of any religion that is recognised in Western civilization has the audacity to come to this country and demand changes that would transform this country into a Lebanon or a Saudi Arabia. They complain that OUR flag, OUR constitution, OUR laws, OUR culture, OUR dress, OUR Ju-deo Christian teachings, OUR Flag, OUR stand on woman's hard fought for rights, OUR acceptance of person lifestyles and OUR freedom of speech.

Well if the government wont do anything the Australian people will. In Australia at the moment there are over three hundred and fifty mosques, albeit there are probably a lot of moslems who wish only to go about their day to day existence. Unfortunately whether they know it or not they follow a cult that will accept nothing but total domination.

Even becoming a moslem requires that you surrender to Allah making this a master and slave relationship where it is mandatory to reaffirm your faith by praying five times a day towards Mecca. Bad news there; the Earth is round so all these prayers are actually being sent off into space.

I hear the do gooder cry racism, well if that cry had been heard in nineteen thirty six there would still have been six million Jews alive instead of ending their days in places like Auschwitz. I hear the do gooder and greenies cry its not the same.

It is exactly the same; Hitler vilified and deported Jews up until the moslem slave master Hussani joined with Hitler and began to be one

of his advisers. It was then that the death camps were set up. In total Hitler had to reorder his battalions because of the overwhelming amount of moslem volunteers that flocked to his twisted cult. In total there were 38 divisions of moslem volunteers in Hitler's army, most of them SS divisions.

Islam the religion of peace ?

Pigs arse its not (pun intended), Islam apart from the time that the Crusades slowed them down is a virus and must be treated as so.

Why do I care? My son and daughter will inherit this mess if the government wont do something to stop the Islamification of this country, the people will. Not all the people but enough to ensure that those that don't or can't, or wont make a stand will be able to walk down their streets, communicate with their friends in neighbourhoods and cities that are not suppressed and ruled by the anachronistic and Neanderthal laws led by the archaic concepts of Sharia law that would reduce the average person to abject slavery and remove all rights that we have come to accept as signs of a civilised society.

A US president that appears to have been a fake all along. Our country run by an unelected Prime Minister, one of many through the Liberal parties revolving door.

Europe overrun by fanatical followers of a 1400yr old cult.

Russia and China on the same side. The UN humanitarian department being run by Saudi Arabia of all people.

The average Mum and Dad in Australia taking to the streets enmasse in the first major outpouring of dissatisfaction since the anti Vietnam marches. Police and citizens being gunned down and knifed in public.

Large scale ghettos in the major cities that are fast becoming NO Go Zones. A minority so called religion enforcing changes by stealth to OUR laws and way of life.

The banning of Christmas carols in the same schools where students are refusing to sing OUR

national anthem, which has nothing in it to do with religion.

This same minority demanding Sharia law to supplant OUR laws and a known terrorist group acting within Australia that has been banned worldwide.

The proliferation of mosques now totalling over 350 Australia wide. These very mosques being breeding grounds for generationally transmitted hate and the supply of weapons used in the killing of police officers.

Over 80% of all infrastructure controlled by five moslem security services.

<https://www.change.org/p/prime-minister-turnbull-excess-of-...>

Peaceful demonstrations being disrupted by rent a crowd groups who cover their faces; the same as the moslem's, they are supporting and using the same tactics of attacking the elderly and weak.

Halal food being forced upon a basically Ju-deo Christian population with 2% of the proceeds being supplied to the moslem Brotherhood an internationally outlawed terrorist group.

The Army being forced to remove so called offensive symbols from the caps of the Padre's. This very symbol was the last thing some of our brave diggers saw as they lay dying on the battlefields that secured our freedom.

Our freedom of speech being moderated by the media and Face Book. The very FB that claims to promote community discussions but will block pages with verifiable stories of Islamic destruction, yet let hate pages calling for the killing of all Jews and Kaffirs.

A weak and indecisive government that wants to sign us to that international waste of space, the UN.

Next they will bring in UN peacekeepers to disarm us; what a joke; Every country that these peacekeepers have been in, barring their detachment of French Foreign Legionnaire troops, have only succeeded in being corralled and their weapons ending up in the hands of the terrorists or people they were there to protect. Bring it on UN I need a few new weapons and ammunition.

My finishing comment - this is and always will be a great country and my crystal ball foresees the greatest voter turnout in the last 50 years at the next election. The upper house and lower house cleared of the 2 major parties and a majority government that will speak for the people.

12000, so called refugees that have managed to lose all their identification and papers of whom 80 are military aged male cowards managing to keep their designer clothes, mobile phones and chargers.

Sure maybe only 10% of them are dangerous; do the math that's a lot of potential followers of the Koran who have been desensitised by both their upbringing and the availability of weapons and training in a war zone.

Wake up Australia before its to late!

Muslims in Prison

By our Regular Writer Sarah Lipscome

“Put them in with the rest of the maximum security population. They will tell them what they think about killing innocent civilians. And they won't mince words”.

In Australia Muslims are four times more likely to be incarcerated as non-Muslims. Granted this is not unusual for immigrants. Historically new migrants have always been over-represented in our prison system. To some extent this is understandable when considering that lack of English and racism in employment are significant barriers to obtaining work and integrating into Western society.

But if we scratch the surface, we see that for the first time in the history of Australia a significant proportion of the crimes committed by Muslim prisoners can be traced to Islamic doctrine. There was a time when converting to religion in jail was seen as a positive move in terms of recidivism, but for whatever reason converting to Islam and maintaining that practice will not necessarily keep you out of jail. Put simply, there are far too many crimes in Australia committed because of Islam, not because they are unemployed, disenfranchised or simply fed up with living in poverty.

And the numbers are difficult to collate because of recent changes to Australian law – targeted at Muslims – in which our government has moved preemptively to avoid lengthy jail sentences. These include stripping dual citizens of their citizenship for criminal behaviour and cancelling their passports to prevent Muslims committing treason in the Middle East.

Statistics are not particularly helpful in identifying Muslim crime because the state does not keep records of crimes committed that are also found in the Quran. The most obvious example of this is the gang of 14 Lebanese men who were raping young girls in NSW who were selected because of their non-Muslim identification. Another pertinent statistic is the 20 serving time for terrorism offences and the further 200 who have supported jihad in some way, by fighting or materially. It doesn't include the hundreds who have been prevented from leaving or temporarily incarcerated to prevent a terrorist attack. The most recent example of this is the ANZAC day plot.

And if migrants are struggling in Australia there are a myriad of places they can turn to. There are employment supports, English lessons, counselling sessions, migrant resource centres, welfare, food vouchers, shelters...the list of services is endless. And for every racist jibe you hear in the street there are ten more Australians falling over themselves to

welcome you. So if new Australians are experiencing difficulties we are happy to go out of our way to help you settle in. This is, in part why Australia is such a great country.

But what are we to do if your religion is telling you to commit these crimes? Nothing?

If freedom of religion in Australia means that we cannot challenge the doctrine of a religion, then all we can do is convict them when they break Australian law. Has freedom finally become a tool that can be used against us? If so, then we have to look to the little things we can do to send a clear cultural message that we don't care what your book says, we want to live in peace.

And if we cannot challenge a person's right to freedom of religion then we must get our message across in other ways. Currently convicted terrorists are kept separate from the general prison population. The reason behind this is a fairly sound one. Terrorists may influence and radicalise other prisoners. But since the general Muslim population is converting prisoners to Islam for reasons of protection then this policy has failed. And the separate status of terrorists gives the impression that they are somehow special.

Then it seems we are powerless to tackle the problem at its source. We are reduced to reacting to the symptom. So if we can do little to challenge the Islamic teaching directing this behaviour, perhaps it would be better if prisoners were all housed together. By giving convicted terrorists AA classification we are playing into their belief that their crimes are of a different status. Put them in with the rest of the maximum security population. They will tell them what they think about killing innocent civilians. And they won't mince words.

So when The Grand Mufti of Australia blames Western terrorism on islamophobia, let the resounding reply be 'If terrorism is because of Islamophobia, then why doesn't Antisemitism cause terrorist attacks?' It is time to admit that whilst the majority of Muslims are peaceful, there is an element of Islam that we shouldn't entirely ignore. And if we are to continue to flourish as a multi-cultural country we can all benefit from an honest discussion about this. Who knows? Maybe it might reduce the Muslim prison population? Either way, we can't lose.

The protection of females from authorised domestic violence.

Please write a MyWill Letter to your Federal MP and the Federal Senators in your State

Dear (Federal MP's Name)

I know that it is my duty to keep you informed of MY WILL on anything that comes before Parliament, or should come before Parliament.

It is MY WILL that you take immediate action to investigate the application of Sharia Law in Australia and the protection of:

1. young children from being child brides /sexually abused.
2. females from Islamic authorised domestic violence

If tax payers money can be spent on a Senate Committee to probe the role Barbie plays in fostering gender stereotypes and domestic violence, there are no grounds to reject the establishment of a Senate inquiry into the known problem of Sharia Law.

Sharia law is practiced in Australia. Young girls being sexually violated as child brides and young moslem girls are suffering from the barbaric practice of FGM. Females are being physically and emotionally abused as well as being forced to wear oppressive clothing by the application of Islamic Laws that should not be permitted in Australia.

Islam is not above the laws of Australia. As an elected member it is your duty to protect all citizens of this nation and ensure that Australian Law is the only law applied in this country.

The necessity for taking action

By Paul Janson

Leader of 19CC Group and a Truthphobes admin

It is so easy to click “Like” or to “Share” on Facebook, but we need to ask ourselves the question what action are we taking in the real world to fight the islamisation of Australia?

I hate to admit I know people who are afraid to click “Like” or to click “Share” on Facebook when they come across something on their page to do with islam, so you can imagine what action they are taking in the real world.

What are Christians doing about the threat of islam and the persecution of non-moslems?

Every time I ask a Christian what they and their church are doing to stop the persecution of non-moslems I get the same answer, “We are praying”. My answer in each case is the same “...moslems are praying to Allah at least five times a day, but realise if they want to get something done they take action”.

If a Christian is driving down the road and they get a flat tyre, they can pray for as long as they like, but it is not going to get fixed until they take action – Call for Road Side Service, Fix it themselves ,or get a family or friend to fix it for them. So why do they take the attitude when it comes to moslems persecuting non-moslems, Christians feel that to fix the problem all that is needed is prayer.

A fellow Christian Patriot reminded me that even Jesus took action;

“Even Jesus was angry and displayed his anger (ACTION) knocking over trading tables he found in the courtyard of prayer (LOUD VOCALS) as He called them a den of thieves. He spoke out against evil wherever he found it and so should all Christians - very Loud and clear while still showing love to the down trodden and abused.” - Lyn Bateson

I often get asked the question; how difficult is it to stop the islamisation of Australia? It should be simple, all we need is for everyone who feels islam is a threat supports a political party that is 100% against the islamisation of Australia. By support I mean pay your membership fee, assist to get the message out, and be active on polling day at the booths handing out how to vote cards

After reviewing the different political parties I decided on giving my support to Australian Liberty Alliance.

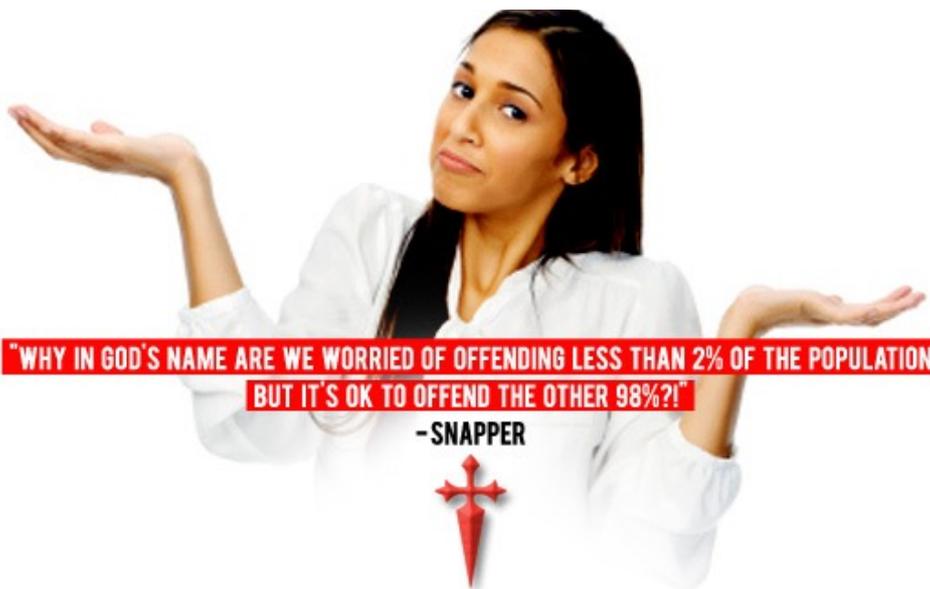

The earliest possible date for a Federal Election in Australia is 6th August 2016, so we need to be prepared. I have spoken to 132 people face to face, and out of these 132 people, only one feels islam is not a problem for Australians. Not one of these people I talked to knew that there were anti-islam political parties in Australia. It is going to be our job to get the important message out there that your only choice is a political party that is 100% against the islamisation of Australia and name who those political parties are. The mainstream media and Government will not be assisting in getting this message out there.

Violence is not going to assist our cause.

It is not about reclaiming Australia, it is about preventing an ideology that is foreign and harmful to our way of life from taking hold.

When people see the current rallies through the biased eyes of the media they do not see the message that should be conveyed, they see confusion, and they see anger. The public needs to see that it is 100% about freedom. Freedom to be a non-moslem. I see the people at the Rallies as "Freedom Fighters", but when I see the numbers I guess not everyone values their freedom. I recommend supporting RECLAIM Australia and their "Freedom for Australians" rallies.

We need to be tackling the issues that moslems and islam create not only in Australia but the world.

You and I are fighting for our Freedom. Currently we have no say, no voice because of the major Political Parties. If you vote Greens, Labor or Liberal at the next election you will continue to have no voice. Our voice will be heard when we have a large number of politicians in government who are against the islamisation of Australia.

We need to take a stand at the local level as well, by electing local Council members that are going to support us, and ensure no mosque, islamic prayer rooms, Cemeteries or schools are built in Australia until we can build churches in Islamic countries. Any mosque, prayer room or school found to be preaching/teaching hate should have the property confiscated and the building turned into a homeless shelter run by the government.

We need to make it as uncomfortable as possible for moslems in Australia, so that the fanatical moslems will not wish to live here.

We need to stop using the term muslim, we need to use moslem in its place which means “Evil and Unjust”, we need to stop using the term moderate moslem, as you are either a moslem, that is a follower of the Koran and the prophet muhammad or a non-moslem.

Those who do not practice islam anymore would be called an ex-moslem however they really come under non-moslem.

You may notice I use lower case for moslem, islam etc. that is because islam and the followers of islam deserve no respect.

Many may know me as the founder of “St. James Legacy” a secular society; or could be considered a secular fraternity of Australian Bikers and Citizens fighting the islamisation of Australia utilising lawful methodologies in the real world. The society has two arms 19CC (Bikers) and 1931 (Citizens Army) both supporting each other.

We have actual lawful strategies to combat islam, and it would be my hope that those who do not wish to join our society and fight beside us, may still contact us about our strategies as it is not going to be necessary to unite organisations/groups; but it is going to be important to have a “Memorandum of Understanding” with regards to using similar lawful strategies in our fight.

Even though we are a secular society we use the “Cross of St James” on our recognition patches, images, documentation etc. As you would be aware moslems hate crosses, and demand that they be removed, however they absolutely detest the “Cross of St James” and it is about making moslems uncomfortable. The following is from the Guardian Newspaper in 2003, and will give you an idea why I selected the “Cross of St. James”.

“... A row broke out in Spain yesterday after the country sent its first troops to patrol Iraq wearing on their shoulders the Cross of St James of Compostela - popularly known in Spain as "the Moor Killer".

Patches bearing the cross, the symbol of a saint who allegedly guided the medieval Christian re conquista of Spain from the Muslims, are to be worn by a 2,000-strong Spanish brigade in central Iraq, who will patrol the sacred Shia city of Najaf. ...”

"... It would be difficult to come up with any symbol more offensive to the Shia population than this cross." <http://www.theguardian.com/world/2003/jul/25/spain.gilestremlett1>

It is important that you take the opportunity to attend mosque open days at every opportunity. Wear a large cross, and even better wear your “Cross of St James” patches and Jewellery. Tie your dog up at the gate as you know how much they love dogs.

It is important that you learn, and teach your family self-defence. You should not attend rallies unless you have learnt basic self-defence, and this does not take long as there are lots of instructional videos on youtube. Get together with friends, family, work colleagues and attend a self-defence course.

6th Feb 2016 is the World Health Organisation “Female Genital Mutilation” awareness day, please support activities on this day, even create your own activities – subliminally you will be demonising moslems without using the name moslem or islam.

On the 6th February 2016 the Society will be having “Female Genital Mutilation” awareness rides in different localities as well as other activities. Please buy a patch, and sew it to a pocket on your jeans, your biker vest or maybe a bag. If you would like more information on the society of St. James Legacy please contact me or one of our members. Thanks for your time – time to take action.

What the Truthphobes Members have to Say

APPEASEMENT FAILS

Luke Graham

In 1939 Neville Chamberlain waved Hitler's signature on the Anglo-German relations document to the joy of British and Commonwealth citizens around the globe as they were promised peace in their lives. Then came the fall of Poland, France, Belgium, the enslavement of a continent and the destruction of millions upon millions of human lives.

By allowing the Nazis to take more and more unchallenged territory it gave the regime the confidence to strike out in conquest. This policy of German appeasement under the Chamberlain Government failed Europe and drove the world into six years of global warfare. Modern day appeasement of Islam draws parallels with this heavily studied period in history.

As more and more socialist governments surrender increasing numbers of citizen's rights to appease the nation shopping wave, Islam and its followers grow bolder, more cunning, and better organised.

As with the Nazis, Islam intends to enslave or murder every single individual who is:
a) Not within their definitions and standards of a self-professed master race
b) Those who would stand in their way.

As with the Nazi regime, Islam insists on strict information control, the extreme enforcement of draconian morality laws, ex-judicial executions, terrorising non-combatants, and the list goes on.

Now, as then, media, governments and citizens believed there could never be another global war. After all, they had the League of Nations (the first attempt at a United Nations), but as Japan showed the world, any international organisation is only as strong as the will of its member states.

The will of the West has been degraded and lulled into slumber by the false promises and corrupted system of the United Nations. The people have been assured since the end of the Cold War that all great threats had been

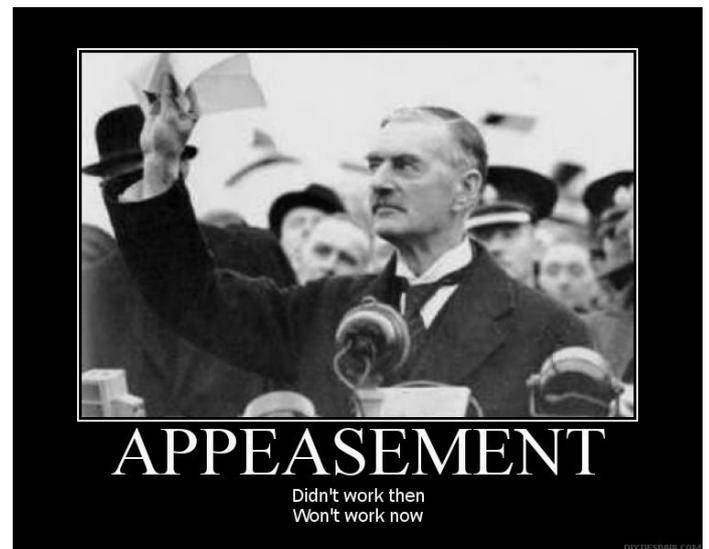

defeated. Wars are no longer called wars, they are police actions, peace-keeper missions, words designed to soften the blow.

As can be seen, appeasement has failed at every hurdle. Historical precedent shows that against a determined foe, appeasement does nothing more than buy the enemy time. Time to plan, time to develop weapons and tactics, time to make increasing demands against a culture it knows is not currently in a position to resist.

The driving difference today is that this time the threat is not half a world away in Europe. This time the threat is here, organised cells who walk among us. We know this as fact.

Not even Chamberlain was so asleep at the wheel.

Looking back, there was a time when Australia could rightfully claim to be the mouse that roared. We need to find that spirit again, or the achievement and advancements of the West may disappear like dust in the wind.

Different yet the same...

Bushido & Islam

By Truthphobes Admin Cilak Voyeuse

So you are doing your best to point out that violent jihad is part of Islamic ideology and not some crazed fanaticism of some "lone wolves", but you are getting increasingly frustrated by people not willing to engage in such conversation because of the sensitivity of the subject of discussion.

Why not look "outside of the box" and discuss a less sensitive & less well known (by our modern post WWII progressive population) yet equally as violent political / religious ideology called Japanese Bushidō? (infamous for its suicidal kamikaze pilots in WWI).

In a book (which I HIGHLY recommend as a "how to" handbook for all serious "Islamophobes" who are dedicated to the fight against Islamic ideology by educating others) called "Getting Through- How to Talk to Non-

moslems About the Disturbing Nature of Islam", the two authors who collectively call themselves "Citizen Warrior" have this to say (after receiving an email from a woman calling herself "Western Feminista". She was struck by the strange similarity between Islam and Bushidō.)

BLIND SUBMISSION

Bushido:

- Devotion to the Emperor (as a direct descendant of the Sun Goddess, Amaterasu Omikami)- this indoctrination happened from a very early age.
- View that the Emperor was an earthly agent of divine origin. His decisions and judgements were by default, moral and legal.

Islam:

- Devotion to Mohammed who is revered, praised and adored by moslems the world over and who cannot be criticised or belittled in any way. This indoctrination happens from the cradle.
- All moslems must adhere to the dictations of the words of Allah given to the prophet Mohammed (the Koran).
- The utterings of Mohammed are by default, moral and legal.

HUMILIATION/ SHAME

Bushido:

- Notions of "saving face" and avoidance of shame an integral part of Japanese culture for centuries,
- it was this need to keep one's honour that caused so many Japanese Soldiers to commit "seppuku" (stomach or abdomen cutting of oneself rather than surrender to ones enemies).

Islam:

- Also a shame/ honour based culture- obsessed with "saving face", guarding against the threat of humiliation and over the top reactions to the slightest perceived insult. The Koran twice repeats that "persecution is worse than slaughter" (2:191, 2:217).However, rather than the person themselves inflicting punishment to themselves for the perceived insult to their honour, Islam requires one to meet out punishments to those who bring that dishonour to that person, family or community etc (hence the requirement in Islam for honour killings such as lashing, stoning and beheading, even if the person may not have been at fault, since it is merely the perceived insult to one's honour by the perceived actions of another).

JUST WARS/JIHAD

Bushido:

- Within the Confucian context, a "Just War" was any undertaking that the ruler sought to fulfil. They could not be questioned by anyone because that would demonstrate disrespect for authority and a questioning of the authority's judgement.
- War is an act that could purify the self, the nation, and ultimately the entire world. Within this framework, the supreme sacrifice of life itself was regarded as the purest of accomplishments.

Islam:

- The verses of the Koran and the Sunnah summon people in general (with the most eloquent expression and clearest exposition) to jihad, to warfare, to the armed forces, and all means of land and sea fighting. The weakness of abstention and evasion of jihad are regarded by Allah as one of the major sins, and one of the seven sins that guarantee failure.
- It is incumbent on dar al- Islam (the House of Islam) to make war upon dar al-harb (non-moslem government nations) until such time that all nations submit to the will of Allah and accept Shariah Law (thereby purifying this world of all unholiness and un permitted acts deemed as haram under Islam).

SUICIDE BOMBING

Bushido:

- Basic thesis is that "only a samurai prepared and willing to die at any moment can devote himself fully to his lord".
- Enduring image of total sacrifice of the kamikaze pilot, ploughing his plane packed with high explosives into an enemy warship.

Islam:

- To be a real moslem, one must aspire to be a jihadist."The man who dies without participating in jihad, who never desired to wage holy war, dies the death of a hypocrite"(Sahih moslem, Book 20, number 4696).
- Enduring horrific image on September 11 2001 when two planes ploughed into the New York Twin Towers of the World Trade Centre by Islamic suicide pilots killing 2,996 civilians and injuring 6,000 others.

CONCLUSION

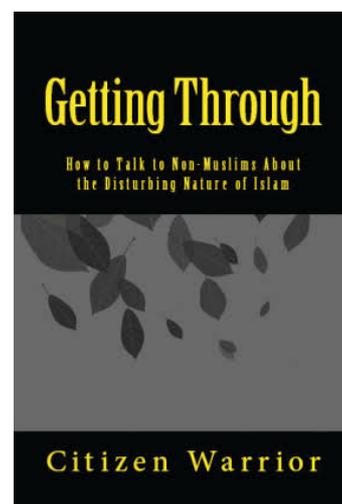

- Why then does a doctrine that is easily aligned with Bushido still exist?
(Bushido already having been condemned as inhuman and vile).
- Why is this Islamic doctrine still being able to infiltrate our daily lives?
- Why does the mainstream media apologise and excuse it?

Why do the politicians of the same nations that held war crime tribunals against the Japanese Imperial Army now trip over each other to appease the latest practitioners of this evil ideology?

At the end of WWII, a declaration was given to the Japanese to sign that basically called for "No more Bushido".

Why then can I not ,say , "No more Islam" without being accused of hate speech?

Islam is not RACIST!

moslems will kill anyone, they really
are not that picky.

By Dianna Black

Allah, Muhammad and his delightful moslem followers do not give Köfte what race you are, when it comes down to it, if you are anything other than a follower of Allah and his prophet Muhammad then according to their central text Qur'an; which is widely regarded as the finest piece of literature in the Arabic language and their other companion text the Hadith; a domination and killing manual, then your death is the most resolute action appropriate for you. There are in fact 109 verses in these combined books that encourage violence against the non-believers. Here are just a few of the fine versus that verify the beauty of the miraculous teachings of Allah.

Qur'an 8:12 "I will cast terror into the hearts of those who disbelieve. Therefore strike off their heads and strike off every fingertip of them"

Qur'an 9:14 "Fight against them so that Allah will punish them by your hands and disgrace them and give you victory over them and heal the breasts of a believing people."

From the Hadith- Muslim 1:30 "The Messenger of Allah said: I have been commanded to fight against people so long as they do not declare that there is no god but Allah."

If I were to draw a bar graph to depict these hateful versus against a stack of peaceful versus not only would the hateful versus bar be about 18 times higher, I would have to scribble out the peaceful bar in big thick red marker because the hateful versus contradict and invalidate them. All it takes is some simple thinking to alert you to the fact that Qur'an 2:256 "There is no compulsion in religion" is a lame attempt justifying their religions existence as legitimate, because of course all those people joined of their own free will- not because they were brainwashed or threatened by death, NOPE! They all joined free of compulsion.

Back to racism...I appeal to you to stop using the word racist at all. The word 'racist' is a device that really puts the lid on the any intellectual and open discussion. I know, I know, those very respectable and intelligent hippies at a counter rally called you and your Australian flag adorned friends racist, and you thought 'Oh jingle bells! That isn't right because Islam is not a race, and Islam is the religion of hate' doesn't mean Islam is racist. Predominately Islam is system of abuse and enslavement. Yes they are biased towards their own, okay very unbelievably biased and exclusive of Western culture, but just don't describe Islam as racist, it will get you no where with our tied-died almond macchiato drinking fellow Australians. However calling Mohammed a narcissistic, blood thirsty, pedophile, sure do that while you still can, just because it is fun, true and your right to do so while you still can.

So, also a good idea is the next time someone calls you 'racist' and you know you are clearly not, then do a Pauline Hanson, and ask "Please explain?" to open up the discussion. Even say something like "Yeah I used to think people like me were being racist, but I got really interested in what was going on- and WOW! I was sick for days when I read for myself what was in the Qur'an." Talk openly about what is in the Qur'an and let people draw their own conclusion. You can't swim the channel to the island of understanding for them, but you can draw them a map.

The Holy Koran...

Koran 3:56: "I will make the disbelievers suffer severely in this world and the next."

5:59-60: "People of the book...those Allah distanced from himself, was angry with, and condemned as apes and pigs."

5:63-4: "How evil their deeds are! The Jews have said 'Allah is tight-fisted', but it is they who are tight fisted, and they are rejected for what they have said."

5:82: "You are sure to find that the most hostile to the believers are the Jews..."

8:12: "I shall put terror into the hearts of the disbelievers. Strike off their heads and cut off each of their fingers and toes."

8:60: "The disbelievers should not think they have won – they cannot escape. Prepare whatever forces you can muster, including warhorses, to frighten off Allah's enemies and yours, and to warn others unknown to you but known to Allah."

9:5: "...kill them, seize them, besiege them, ambush them."

9:29: "Fight Jews and Christians who do not believe in Allah..."

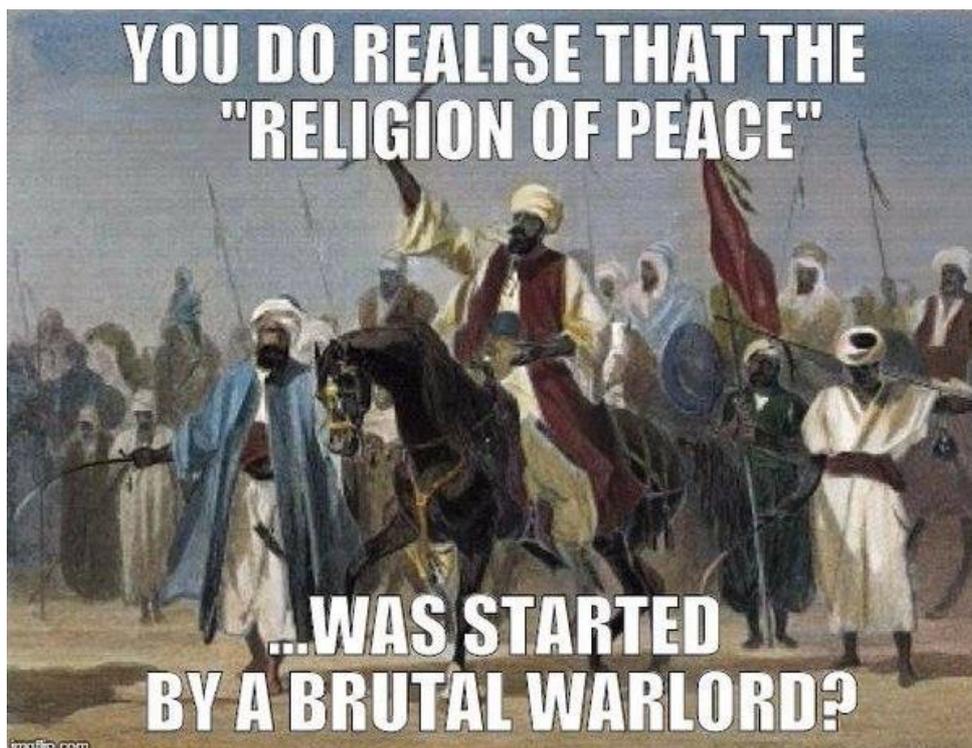

9:123: "You who believe, fight the disbelievers near you and let them find hardness in you."

47:35: "So do not lose heart and cry out for peace."

48:29: "Muhammad is the messenger of Allah. Those who follow him are harsh towards the disbelievers and compassionate towards each other."

What the Truthophobes Members have to Say

By **Matthew Parr**

I personally didn't see this happen, but my ex-wife did. I came into her life afterwards. The poor woman had suffered under Islam for 12 years, and her elder sister a couple of years more; her younger a couple of years less. They would walk to convent school each day, and muslim boys would bombard them with rocks. In Egypt there was nothing prohibiting them. The boys would rock the poor Catholics; and the stones hurt. I have nothing good to say about Egypt, where I have visited. I just think of these poor girls suffering. Islam thinks nothing of other people groups. Kill the infidel is the koranic verse that comes to mind. They MUST be stopped!

By **E R**

For these people to come here to this country and then tell us that our beliefs are wrong, and that it offends them for us to say Merry Christmas and Happy Easter, and that our Government changes what we have done, and raised our children to do for so many years because it upsets them; Well what about you and me - is this not your country! Is this not the country that I migrated to 30 years ago and now call home?

Unless people everywhere stand up and defend their rights, in 10 years time we will be another country, persecuted and then murdered because of our right to be called a Christian and worship

our God, to celebrate the birth of his son, and to celebrate his death and resurrection. It begins with subtle little things like changing Merry Christmas and Happy Easter. Don't let anyone tell you or I that we have to change!

If you get a note from your children's school; march up there and tell them this is a Christian country, not muslim! All other religions that have come to this country have never ever demanded we change, so who the hell are these people? What the hell gives them the right to say, or demand that we change because they are offended? Well if they don't like it there are flights every day back to their hell hole! Make a stand now for this country, for your rights, and for the rights of our future, and the rights for our children and grandchildren to walk in freedom!

Now this is what is leaving me dumbfounded; if a white male or black male, a Catholic priest or anyone else said "that 6 and 7 year old girls are sexy" we would call them sick paedophiles, and everyone would agree they should be locked up. There would be no screams about being a racist, so WAKE UP people, and take out the so called 'religion' out of muslims and every other sick thing they do in the name of their religion. They are just sick, vile, unhuman monsters! The Western world hates paedophiles and psychopaths and think they should be severely dealt with, so I really can't understand why we have any do-gooders supporting them at all; WAKE UP!

What the Truthophobes Members have to Say

By J.P THE REFUGEE

Here is a thought for you all for today....

If you are a refugee, then you are a traitor to your own country and the world, and I will show you all why.

1. If you are a male from the age of 18-50 then you are responsible for PROTECTING your fellow countrymen. If you abandoned them why would we want you in our country to abandon us in times of need?
2. If you have 'some' education then you were the ones that could have made your country a better place, and should have represented your country and those who have little or no education.
3. If you had enough money to buy your way here then you could have helped your fellow countrymen who have nothing and are still stuck in the country YOU came from because they couldn't afford to run away.
4. If you were smart enough to manipulate the laws of a 1st world country then you should have made more effort to make laws in the one YOU came from.
5. If you believe in sticking with your own kind and rejecting anyone else's point of view or culture then why even go to another country at all; why not protest to wrongs in your own country?

These are just 5 points of many that demand answers from refugees. The point here is this....

- * YOU ARE ALL TRAITORS to your own country!
- * YOU ARE ALL TAKING ADVANTAGE of your fellow countrymen by seeking more for yourself in another country but deserted your own people in yours!
- * YOU ALL TOOK the opportunity from your country then left it even though that opportunity was probably highly privileged and only available to a few!
- * YOU USED your knowledge to manipulate others at the detriment of your own people and the people you went to for a new and better life!
- * YOU RAN AWAY like cowards when things got too hard, leaving the ones behind who couldn't do the job without you!

Why exactly do we want you here so you can desert us if you are ever needed? Australians will fight to the death to preserve what we know and love in our country not run like cowards. If you are 1st generation refugee you are a coward. If you are 2nd or 3rd generation then your heritage is that of cowards and traitors! And you ask why we have no respect for you? Look at yourselves, you are a DISGRACE!

FOR THIS TO COME TO PASS ALL WE HAVE TO DO IS NOTHING.

Presented by Barry McGee

This was written by a woman born in Egypt as a Muslim. Joys of Muslim Women

By Nonie Darwish

In the Muslim faith a Muslim man can marry a child as young as 1 year old and have sexual intimacy with this child. Consummating the marriage by 9.

The dowry is given to the family in exchange for the woman (who becomes his slave) and for the purchase of the private parts of the woman, to use her as a toy.

Even though a woman is abused she cannot obtain a divorce.

To prove rape, the woman must have (4) male witnesses.

Often after a woman has been raped, she is returned to her family and the family must return the dowry. The family has the right to execute her (an honor killing) to restore the honor of the family. Husbands can beat their wives 'at will' and he does not have to say why he has beaten her.

The husband is permitted to have (4 wives) and a temporary wife for an hour (prostitute) at his discretion.

The Sharia Muslim law controls the private as well as the public life of the woman.

In the Western World (Canada, Australia, United States and Britain) Muslim men are starting to demand Sharia Law so their wife cannot obtain a divorce, and he can have full and complete control of her. It is amazing and alarming how many of our sisters and daughters attending American, Canadian, and British Universities are now marrying Muslim men and submitting themselves and their children unsuspectingly to the Sharia law.

By passing this on, enlightened Canadian, Australian, American and British women may avoid becoming a slave under Sharia Law.

Ripping the West in Two.

Author and lecturer Nonie Darwish says the goal of radical Islamists is to impose Sharia law on the world, ripping Western law and liberty in two.

She recently authored the book, *Cruel and Usual Punishment: The Terrifying Global Implications of Islamic Law*. Darwish was born in Cairo and spent her childhood in Egypt and Gaza before immigrating to America in 1978, when she was eight years old. Her father died while leading covert attacks on Israel. He was a high-ranking Egyptian military officer stationed with his family in Gaza.

When he died, he was considered a "shahid," a martyr for jihad. His posthumous status earned Nonie and her family an elevated position in Muslim society, but Darwish developed a sceptical eye at an early age. She questioned her own Muslim culture and upbringing. She converted to Christianity after hearing a Christian preacher on television.

In her latest book, Darwish warns about creeping sharia law - what it is, what it means, and how it is manifested in Islamic countries. For the West, she says radical Islamists are working to impose sharia on the world. If that happens, Western civilization will be destroyed. Westerners generally assume all religions encourage a respect for the dignity of each individual. Islamic law (Sharia) teaches that non-Muslims should be subjugated or killed in this world.

Peace and prosperity for one's children is not as important as assuring that Islamic law rules everywhere in the Middle East and eventually in the world.

While Westerners tend to think that all religions encourage some form of the golden rule, Sharia teaches two systems of ethics - one for Muslims and another for non-Muslims. Building on tribal practices of the seventh century, Sharia encourages the side of humanity that wants to take from, and subjugate others.

While Westerners tend to think in terms of religious people developing a personal understanding of and relationship with God, Sharia advocates executing people who ask difficult questions that could be interpreted as criticism

It's hard to imagine that in this day and age Islamic scholars agree that those who criticize Islam or choose to stop being Muslim should be executed. Sadly, while talk of an Islamic reformation is common and even assumed by many in the West, such murmurings in the Middle East are silenced through intimidation.

While Westerners are accustomed to an increase in religious tolerance over time, Darwish explains how petro dollars are being used to grow an extremely intolerant form of political Islam in her native Egypt and elsewhere.

In twenty years there will be enough Muslim voters in Canada, Australia, the U.S. and Britain to elect the heads of Government by themselves! Rest assured they will do so. You can look at how they have taken over several towns in the USA - Dearborn Michigan is one and there are others. Britain has several cities now totally controlled by Muslims.

I think everyone in Canada, Australia, the U.S. and Great Britain should be required to read this, but with the ACLU, there is no way this will be widely publicised, unless each of us sends it on!

It is too bad that so many are disillusioned with life and Christianity to accept Muslims as peaceful. Some may be but they have an army that is willing to shed blood in the name of Islam. The peaceful support the warriors with their finances and own kind of patriotism to their religion. While Canada, Australia, the U.S.A. and Britain are getting rid of Christianity from all public sites and erasing God from the lives of children, the Muslims are planning a great jihad on North America, Australia and Britain.

This is your chance to make a difference! Pass it on to your email list or at least those you think will listen.

SHARI'A LAW
"Creeping Shari'a"

Drinkers and gamblers should be whipped.

Husbands can hit their wives.

An injured plaintiff can exact legal revenge; literally an eye for an eye.

A thief must have a hand cut off.

Homosexuals must be executed.

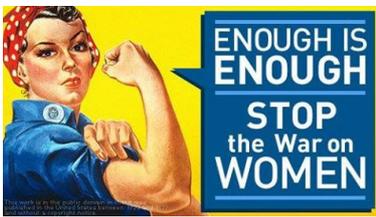

Unmarried fornicators are to be whipped.

Adulterers are to be stoned to death.

Death for both Muslim and non-Muslim critics of Muhammad, the Qur'an, and even Shari'a itself.

Apostates to be killed.

Sharia Law -

What you think it is all about, and what you have been told is not necessarily the reality. Sharia Law is a totalitarian form of governing that all Muslims must live under within the confines of Islam. Sharia is not for the faint hearted. Some young women from Western Society have already made the grave mistake of believing the propaganda offered by Isis that women are revered under Sharia Law. The reality is quite the opposite.

Facts: Slavery-

All Men women and children who are not Muslim are deemed as slaves and therefore can be killed, raped, maimed or beaten by their masters.

Forget ever dancing again or listening to your favourite singer, music is haram and therefore not permissible under Islam.

Forget ever wearing a swimsuit again when going to the beach; women must be covered at all times under Islam to prevent being raped by Muslim men.

If you are raped forget justice for your attacker as it will be you who ends up dead by stoning.

Forget ever working for your own money or living in your own home; under Islam women cannot work and in some instances cannot drive a car. So you will remain within the home of your father or husband under their control till the day you die.

As a woman you are not equal to men under Islam, you are somewhere between dogs and pigs.

If you are gay and you let people know it, expect a hug from a Muslim just before they push you off the tallest building in town.

Homosexuality is punishable by death under Islam and Sharia Law, regardless of whether you are male or female.

Forget equality in marriage under Sharia; if you talk back to your husband you are likely to get a beating at the very least, acid thrown in your face, your nose and ears cut off, or doused with petrol, and set on fire. So if you plan to be a partner to your new husband you might want to rethink opening your mouth.

Divorce is only for the husband under Sharia law; he can divorce you one day, have sex with someone else, and then take it back the next day. If your husband does divorce you, you are on your own; you will be left in the streets to beg for scraps because under Islam you no longer exist.

Sharia Law is coming..
Stop Islamication of our countries now!
Islam = Sharia Law
Sharia Law = Islam

Adultery = Death by stoning Being homosexual = Death Sentence by hanging
Theft = Right hand cut off(2nd offence left foot cut off)
Imprisonment for further offence
Highway Robbery = Execution, Crucifixion, Imprisonment
Right hand and left foot cut off
Slander = 80 lashes.. Drinkin g Alcohol = 80 lashes

Say No to Sharia Law NOW!
Stop the Insanity

Sharia Law allows discrimination against females, lying, rape, murder, mutilation, pedophilia, slavery and many more atrocities to further the cause of Islam and to accomplish their goal of world domination. Stop this brutal regime!

↓ Like & Share ↓

If you think you can hang on through the marriage and get your just deserts when your husband dies, forget it, there is no communal property under Sharia Law, you get nothing and will still end up on the streets begging for scraps.

Your husband can have up to 4 wives so forget faithfulness as an incentive to convert to Islam; it just doesn't exist under Islam or Sharia law.

If Sharia Law takes hold in Western society it does not bode well for Western thinking women. No matter what you are being told by the Government, media or Imams in Australia, the truth is, under Sharia Law your lives will change forever, your daughters and granddaughters lives will change forever. The rights of women that you have been raised with will be non-existent.

Don't believe me, look it up! Educate yourself on the roles of women in Islam and under Sharia Law. Open your eyes to the truth before it becomes necessary for us to fight in order to release ourselves from this type of Tyranny. Wake up to the facts before it's too late!

- There is no community property between husband and wife, and the husband's property does not automatically go to the wife after his death.
- A woman inherits half what a man inherits.
- A man has the right to have up to 4 wives, and none of them have a right to divorce him, even if he is polygamous.
- The dowry is given in exchange for the woman's sexual organs.
- A man is allowed to have sex with slave women, and women captured in battle; and if the enslaved woman is married, her marriage is annulled.
- The testimony of a woman in court is half the value of a man.
- A woman loses custody if she remarries.
- To prove rape, a woman must have 4 male witnesses.
- A rapist may only be required to pay the bride-money (dowry) without marrying the rape victim.

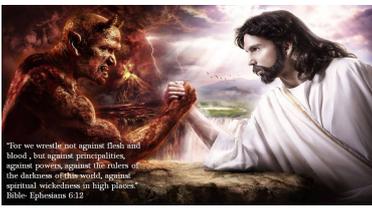

- A Muslim woman must cover every inch of her body, which is considered "Awrah," a sexual organ. Not all Sharia schools allow the face of a woman exposed.
- A Muslim man is forgiven if he kills his wife at the time he caught her in the act of adultery. However, the opposite is not true for women, since the man "could be married to the woman he was caught with."
- It is obligatory for a Muslim to lie if the purpose is obligatory. That means that for the sake of abiding with Islam's commandments, such as jihad, a Muslim is obliged to lie and should not have any feelings of guilt or shame associated with this kind of lying.

Christians Against Islamic Ideology

Islam is a totalitarian, political machine of bloodthirsty conquests which zealously advocates the downfall of all democratic governments in the West. Its zealousness is very cultish in nature. Muhammad and the Quran declares "Your Kingdom is MY Kingdom, surrender or die."

To continue granting religious status to an absolutely aggressive, and implacable ideology that demands the destruction of our government and all other religions is sheer madness, exceedingly irresponsible, criminally negligent, and strategically suicidal!

It is truly a RELIGIOUS PAGAN CULT of WAR. It's religious status is undeserving and should be immediately rescinded because whether you call it moderate, militant, mainstream, traditional, or radical, it is a relentless foe inherently programmed to conquer host nations through stealth jihad, mass immigration, and huge

population birth increases, or by militant battles to overcome any opposition to it and suppress it by force where populations are large.

It is Islam itself as expressed by the life and teachings of Muhammad that is the problem, and whilst in majority with its various deceptive methods of jihad. Its religious status should be rescinded because it is a wolf in sheep's clothing, a Trojan horse, an imposter religion that has arrived on our shores with malicious intent, and deadly determined to replace our democratic way of life with oppressive and abusive sharia law under Islamic rule.

*Together we will ride into battle,
and together we may rise above the
chaos...*

stream, traditional, or radical, it is still a relentless
foe, inherently programmed to conquer its host nation.

Truthophobes - <http://www.truthophobes.com/>
Truthophobes Community <https://www.facebook.com/truthophobes/>

Fail to understand this point and Islam will continue to “trash” civil liberties, shred bloody pandemonium, wreaking havoc, litigating as warfare, demanding special privileges, playing the victim card, even as they attack, rape, enslave and murder, and instigating anarchy until its host country suffers irreparable harm if not outright defeat being conquered by Islam without having to fire a shot in our docile, self-complacent, and pathetic, ignorant, society, hoodwinked to believe that Islam is a Religion of Peace.

Brigitte Gabriel, formerly of Lebanon recalls how her usually peaceful muslim neighbours who had befriended them for decades, all of a sudden as Islam gained numbers and more political influence, suddenly turned on all Non-muslim Lebanese in their own country. It proved that the so called ‘moderates’ had fully supported the murderous attacks in their “hidden hearts” all along as Allah’s will.

Their silence in minority, and as jihad and chaos began was deafening because they dared not challenge the inviolate precedents set by their prophet which would be a capital offence, even if they did not agree with such violence. Like in Germany the silent majority become totally irrelevant in the time of jihad by Islam, and by Hitler.

A Comparison between Mohammed and Jesus;

By Ed Decker

The contrast between Muhammad (Islam) leads muslims into darkness and hatred, and Jesus Christ, who leads Christians into light and love.

Mohammed was the prophet of WAR; Christ is the Prince of Peace (Isaiah 9:6-7).

Mohammed's disciples KILLED for the faith; Christ's disciples were killed for their faith (Acts 12:2; 2 Tim 4:7).

Mohammed promoted PERSECUTION against the "infidels"; Christ forgave and converted the chief persecutor (1 Timothy 1:13-15).

Muhammad said in many places in the Quran that he has been “*Ordered by Allah to fight men until they testify that there is no god but Allah and that Muhammad is his messenger.*” In the last nine years of his life he ordered more than 65 military campaigns to do exactly that. Muhammad inspired his men to war with the basest of motives using captured loot, sex, and a gluttonous paradise as incentives (another cult trait). He beheaded captives, enslaved children, and raped and sold women captured in battle.

Muslims are told to emulate the example of Muhammad, and that is exactly what Islamic terrorist groups do. Muhammad also had people assassinated for insulting him, or criticizing his actions, or his religion. Islam is the only religion that has to retain its membership by formally threatening to kill anyone who leaves, known as an apostate (another cultish trait). Islam teaches that non-muslims are less than fully human and that muslims who kill them could never be put to death for doing so.

The Quran never once speaks of Allah’s love for non-muslims, but it speaks of Allah’s cruelty toward and hatred of non-muslims more than 500 times.

Muhammad Speaks

Mohammed was the **TAKER** of life; Christ was the giver of life (John 10:27-28).

Mohammed and his fellow warriors **MURDERED** tens of thousands; Christ murdered none but saved many (compare John 12:48.)

Mohammed's method was **COMPULSION**; Christ's aim was voluntary **CONVERSION** (Acts 3:19).

Mohammed practiced **FORCE**; Christ preached **FAITH** (John 6:29, 35).

Mohammed was a **WARRIOR**; Christ is a **DELIVERER** (Col. 1:13; 1 Thessalonians 1:10).

Mohammed **CONQUERED** his enemies with the sword; Christ conquered his enemies with another kind of sword, the sword of the Spirit, which is the Word of God (Hebrews 4:12; Acts 2:37).

Mohammed said to the masses, "**CONVERT OR DIE!**" Christ said, "Believe and live!" (John 6:47; 11:25-26).

Mohammed was swift to **SHED THE BLOOD** of many (Romans 3:15-17); Christ shed His own blood for the salvation of many (Ephesians 1:7).

Mohammed preached "**DEATH TO THE INFIDELS!**" Christ prayed "Father, forgive them, for they know not what they do" (Luke 23:34).

Mohammed **DECLARED A HOLY WAR** (Jihad) against infidels; Christ achieved a holy victory on Calvary's cross (Col 2:14-15) His followers share in that victory (John 16:33).

Mohammed **CONSTRAINED PEOPLE** by conquest; Christ released people in love (2 Corinthians 5:14).

Modern terrorists derive their inspiration from Mohammed and carry out their **DESPICABLE ATROCITIES** in the name of his god; Christians derive their inspiration from the One who said, "Blessed are the peacemakers" (Matthew 5:9). Modern day disciples of Mohammed respond to the **TERRORIST ATTACKS** by cheering in the streets; Modern day Disciples of Christ are deeply grieved at past atrocities carried out by those who were "Christians" in name only (the Crusades, the Spanish Inquisition, etc.).

Many Muslims are peaceful and peace-loving

because they do not strictly follow the teachings of their founder; Many Christians are peaceful and peace-loving because they do strictly follow the teachings of their Founder (Romans 12:17-21).

Muhammad said the Koran is **AUTHORITATIVE** only in Arabic, and only in his dialect; The Bible is authoritative in many languages, for God knows all things and can inspire His Word in more than one language.

Mohammed **ORDERED DEATH** to the Jews (see A.Guillaume, The Life of Muhammad, Oxford University Press [1975], p. 369); Christ ordered that the gospel be preached "to the Jew first" (Romans 1:16).

The Koran says, "**FIGHT IN THE CAUSE OF ALLAH**" (Qu'ran 2.244); The Bible says, "We wrestle not against flesh and blood" and "the weapons of our warfare are not carnal" (Ephesians 6:12; 2 Corinthians 10:4).

The Koran says, "**FIGHT AND SLAY** the Pagans wherever ye find them" (Qu'ran 9.5); Christ said, "Preach the gospel to every creature" (Mark 16:15).

The Koran says, "I will **INSPIRE TERROR** into the hearts of unbelievers" (Qu'ran 8.12); Jesus says to Love your enemies and pray for them (Matthew 5: 43-47).

The Koran (Qu'ran) is a terrorist manual, which condones fighting, conflict, terror, slaughter, and genocide against those who do not accept Islam; The Bible is a missionary manual to spread the gospel of peace to the world (Romans 10:15).

Muhammad
"Fight everyone in the way
of Allah and
kill those who disbelieve in
Allah." (Ibn Ishaq 992)

Jesus
"Thou shalt **love** thy
neighbor as thyself."
(Matthew 5:14)

Mohammed considered Christ a good prophet; Christ pronounced **Mohammed to be a false prophet** (John 10:10; Matthew 24:11).

Mohammed claimed that there was but one God, Allah; Christ claimed that He was God (John 10:30-31; John 8:58-59; John 5:18; John 14:9).

Mohammed's Tomb: OCCUPIED! Christ's tomb: EMPTY!

Islam must be received, or you can be killed for rejecting it: The Faith offered by

Jesus Christ is for "whosoever will" to receive, and all men are permitted to reject it (Revelation 22:17, John 3:16).

Those who leave Islam can be killed in most Islamic nations; Those who leave the true Church of Jesus Christ are allowed to do so with no revenge.

What is a Masjid or a Musallah? By Di Debrentley ACARE (ACARE are Partners with the Truthphobes)

Since Islam is a complete and comprehensive way of life the Masjid has to be at the heart of all life's positive and constructive activities.

The first Masjid was very modest and basic. Its pillars were palm trees, and its walls were made of clay, but this modest Masjid was the first school of the Islamic campaign.

And it was the headquarters of the Islamic State.

Islam has determined that the Masjid is expected to play important roles in the Muslim community, and the classical learned scholars have devoted considerable sections in the books of Islamic jurisprudence (Law) highlighting these roles.

The Masjid is regarded as an important Islamic information centre since it is the scene of the political, social, cultural and ritual life. All the important news related to vital issues are announced in the Masjid and it also ensures a direct contact between the carrier (Imam) and the receptor of relevant info. It is considered to be one of the most effective and successful means of information.

In Australia, The National Council of Imams is the umbrella organisation for all Imams around Australia.

The Masjid is also a place where the learned teach the basics of Islamic belief, the acts of worship and the Shari'ah (Islamic Law) rules in all their types, political, economic, social, judiciary and others.

In the past the Masjid has also been a place to settle legal issues, a hospital, a place of

learning, a place to divide up war booties and completely at the heart of a Muslims life.

As Prime Minister Erdogan of Turkey once quipped "The mosques are our barracks, the domes our helmets, the minarets our bayonets and the faithful our soldiers"

A Masjid generally is managed under an Islamic Society. The Masjid is considered to be owned by Allah and can NEVER be sold. A Musallah has the same role as a Masjid. The differences are a Musallah is owned by man and it can be sold. Prayers said in a Musallah are not worth as much as prayers said in a Masjid. To help build and pay for a Masjid can help you get to Paradise and to those lovely 72 Virgins (presumably women).

Currently there are 37 Masjids proposed for Australia and for each Masjid there is an Islamic Society as a Registered Charity. This means the charity is able to apply for grants from the government and every dollar received is a tax deduction. It also means there are a team of Aussies losing sleep, working hard and spending from their own pockets to stop them being built. It's time we stood up and supported these Aussies. Islam has had a free ride in Australia and now have over 450 mosques/musallahs. Mosques of Australia are currently listing all Masjids, Musallas, Colleges, Organisations etc. etc. <https://www.facebook.com/Mosques-of-Australia-670842106362298/?fref=ts>

THE UN EXPOSED

From our Regular writer

MJ

The United Nations, Obama & our government are squeezing the very life out of us. Making us work hard for little reward, struggling week to week. The United Nations goal is to spread poverty throughout the world, bring us all down to one level. But of course the filthy rich will stay rich & we will be trying to protect ourselves from the barbarity of Islam, as this is their weapon against us.

Below video: United Nations have elected Saudi Arabia to be the head of human rights. We all thought this was a joke? He tells the world to not interfere. That SHARIA IS THE HIGHEST FORM OF JUSTICE? It is in clear violation of UN guidelines.

<https://m.youtube.com/watch?v=hl2EptjS9U>

America is in the same boat as all of the Western countries but I feel they are in a worse position at the moment. Their leader is a traitorous MUSLIM, Obama is a bloody Muslim. The treason has been rife within all of our governing bodies, but the USA have been the leaders of many of these changes. The elite around the world stripping citizens of protection and freedom, which our very own constitution's were put in place to PROTECT. The United Nations pushing the agenda against us directly.

BELOW: IMPORTANT Obama's list of Muslim infiltrators HE CHOSE.

<http://freedomoutpost.com/.../sharia-advisers-barack-obamas-.../>

Obama has given the Muslim Brotherhood the key's to the White House, America & it's citizens.

Which means Australia to & every soul in Australia. Seeing we have been sold to them like assets.

Example below of the Australian government screwing us over big time, SCREWING with our constitution:

Under the Crimes Act 1914 Part 2 Section 24AA. Sabotaging the Constitution is treachery.

IT IS MY WILL that you provide me with evidence that shows where the Commonwealth of Australia Constitution 1900-1901 authorises the

Commonwealth of Australia to become a corporation and/or to be registered in the United States of America.

This Corporation is accountable to USA law and the USA Revenue Department, hence from The COMMONWEALTH OF AUSTRALIA is a foreign power.

How the hell have they done the above without a referendum? There are hundreds of criminal manipulation's perpetrated against us. How could we be so oblivious? All I can say is, WE ARE awake now!

Our governments TOGETHER have been undermining our societies and have been making deal's behind-the-scenes and now it is obvious, they are working with our enemies of Islam. The elite through generations of power have been enacting their grand plan to our destruction basically. Plan's that have been thought of since the 1930's and beyond

Here we are in Australia on the other side of the world and are witnessing what president Obama has done and is doing. Obama stated back in 2009 when he took position of president that he world change America, but no one could of imagined the evil intent behind those words. No one could of imagined he would be a silent jihad on the nation. No one could imagine he would be the ultimate enemy of America and it's citizens. AMERICA what are you going to do?

Extract:

Some believed that Barack Obama was “discovered” at COLUMBIA UNIVERSITY by ZBIGNIEW BRZEZINSKI, a professor of his during Obama’s two year stay at that university.

Brzezinski is a SELF PROFESSED MARXIST COMMUNIST (please read his book entitled BETWEEN TWO AGES, published in 1970 wherein he PRAISES MARXIST COMMUNISM at least THIRTEEN times!) This book is “only” recommended for reference.

BELOW article: FBI NOT CLOSING 22 jihad training camps, USA.

<http://www.americasfreedomfighters.com/.../22-jihad-training.../>

Our government leaders are elected to make our countries strong and prosperous in every way, not to destroy us and make us struggle. To ensure that we have a safe environment to bring up our families, not allow a barbaric so called religion take over, granting them privileges. It sounds pretty damn simple doesn't it, growing a safe and prosperous nation? Well, in reality it is very simple, that is, if you have good intentions driving you. But if you are intentionally scheming against the good of someone, your actions most certainly have to be calculated at every turn and very much hidden. Obama has very much been successful in deception and has done so on several levels.

Obama though, over the last few years has become increasingly brazen with his decisions of where America is heading. Saying that Allah is the way, Muslims are America and so on. You must accept Islam, this is being shoved down all our throats. Recently Obama being exposed publicly by Vladimir Putin that he is the financier

of Isis? He has implemented all these plan's and it clearly is not for the good of America or it's people. Obama has clearly become an assassin to his own country and that has worried me greatly as Australia is dictated to by America and the United Nations. We had our prime minister Tony Abbott removed by Turnbull, Bishop and the puppets of the United Nations. The one man we had standing in the way of the UN treaty being signed.

ONE: Lord Monckton predicted in February our prime minister Tony Abbott would be strategically removed, also the popular Steven Harper of Canada would be removed.

The ONLY TWO ROAD BLOCKS in the way of *NWO* United Nations sustainable development treaty (previously known as global warming) being signed this December. Global warming has been proven a complete farce! Canada now has a new elected president.

WE WILL NOT GIVE UP and WE WILL GO DOWN SWINGING!

Our leader's were put in office to specifically work for US, THE PEOPLE, not to be the instigators of our downfall? The government and Islam have created so MUCH DIVISION it's not funny, creating so much tension, causing citizens to attack their fellow citizens! Leaders worldwide are the most corrupt, greedy, manipulative bastards on this planet.

THEY NEED TO GO DOWN and they need to go down quick.

We cannot let this United Nations treaty in Paris be signed. December the 11-20th this year is D day. The day where all souls on this planet goes under universal law, the day we will be completely dictated to from a FOREIGN SELF ELECTED POWER.

. A power with Saudi Arabia of all countries at the head of the table. SHARIA LAW RULE.

* Who on this earth can tell me they voted on the creation of the United Nations?

* Who on this earth can tell me they voted on signing United Nations treaties over the year's?

* Who on this earth agreed to be dictated to BY PEOPLE WE SIMPLY DO NOT KNOW? Who the HELL are they?

* United Nations (who ever they are) set out all these end goals BUT they do not say HOW this will be achieved do they?

* The next 15yrs of our lives planned out for us, with NO CONSULTATION TO US?

That in itself is extremely DECEPTIVE behaviour! Look at the United Nations actions over the year's. Saudi Arabia which practices archaic sharia law, NEVER not once reprimanded for violating human rights guidelines

NOT ONCE. They beheaded people just last week PUBLICLY for crying out loud.

The mass starvation across 3rd world countries is so bad it is stunting growth. No infrastructure of basic amenities for middle eastern countries, all Indonesian and Malaysian countries, for example, living in slums. Why have all these countries NOT BEEN brought forward to the United Nations panel to be reprimanded and charged? CORRUPT! THEY ARE ALL 100% CORRUPT...

TRUTH

it's the new hate speech

"During times of universal deceit, telling the truth becomes a revolutionary act."
George Orwell

The biggest threat to Islam is the **TRUTH**. The truth exposes the evil barbaric cult/ideology that Islam is.

Please do your bit for your community by sharing this NewsLetter either on your personal Facebook page or by emailing it to your family and friends; so that the truth of Islam can be exposed before it is too late!
